FRONT-END DEVELOPER/DESIGNER

- I am currently a graduate student who studies Information Technology and Management at DBU and will graduate in December 2023.
- I am a skilled Front-End Developer with experience in creating dynamic and user-friendly websites. My expertise lies in HTML, CSS, JavaScript and design with Figma. I have a strong understanding of UI/UX design principles and an eye for detail, which enables me to create visually appealing and responsive web pages. I am familiar with software development process, Agile development.
